Cleveland Nutrition
A Dietary Approach to Medical Care

Welcome to Cleveland Nutrition!

Thank you for giving us the opportunity to care for you and to help you achieve the best health possible through nutritional therapy.

Please take a few minutes to **completely** fill out the attached registration and health history forms and bring them to your consultation. Dr. Gutman will go over these forms with you to get a clearer understanding of your medical history. This will enable him to prepare the appropriate diet and other recommendations for your medical conditions.

The attached forms include a 3-day diet diary, so **you cannot fill this out the night before!**

Forms found after the diet diary should only be filled out if applicable to your medical history.

In addition, please bring the following items to your consultation:

- All medications and supplements that you take on a regular basis.
- The results of any blood work that you have had done in the past 6 months.
- The results of any relevant medical testing that you have had.

Please note the date, time, and location of your consultation:
